

ZHÜG

Celebrate with Flavour

From Local Favourite to Unforgettable Feasts

ZHUG was born from a passion for great food and community. Founded by Suda, an experienced restaurateur, ZHUG brings over 20 years of hospitality know-how to the table. With roots in Wollaton and a loyal following across Nottingham, we know how to create moments guests remember - through food, service, and a generous spirit.

We are all about good food made with care and enjoyed by everyone. We serve bold, fresh Mediterranean and Middle Eastern dishes and take pride in being inclusive - whether you're vegan, vegetarian, meat eater, gluten-free or have other dietary needs.

A Feast Worth Sharing

We believe weddings are about joy, connection, and of course - amazing food. Our catering is not just about feeding your guests, it's about delighting them. With ZHUG, you get:

- A creative, vegetarian-friendly menu that excites and satisfies.
- Mediterranean and Middle Eastern fusion dishes made fresh to order.
- Customisable menus to suit all dietary needs (we can also cater for your meat eating guests).
- Warm, professional service from a team that truly cares.

A Trusted Catering Partner

ZHUG has catered for weddings, private celebrations, and corporate events across Nottingham and the wider area. We bring the same dedication to every event, whether it's 30 guests or 300. Couples love our attention to detail and how we take the stress out of catering, so they can focus on enjoying their day. Let us show you why people keep coming back to ZHUG for their most important moments.

It's Not Just What's on the Plate

At ZHUG, we understand that food is just one part of the celebration - it's the atmosphere, the warmth of service, the rhythm of the day. Our team brings a calm, capable energy to every event. We work quietly behind the scenes to ensure everything flows smoothly - so you can stay fully present in your moment. Hospitality is at the heart of what we do, and it shows.

Tailored to Your Tastes

Every couple is different - and so is every ZHUG wedding menu. We work with you to build a custom offering that fits your vibe, theme, and budget. Our team will guide you through portion planning, service style, and dietary needs. We can provide:

- Buffet or plated service
- Canapés, mains, sides, and desserts
- Staffing, delivery, or full on-site catering

Rooted in Values, Served with Care

We believe in doing things properly. That means sourcing fresh ingredients, minimising waste through smart prep systems, and offering plant-forward menus that are as sustainable as they are satisfying. From biodegradable packaging (when needed) to reducing our environmental footprint, we're proud to support couples who care about people and planet. A wedding with heart, from start to finish.

The Best Way to Decide? Come and Dine.

We invite you to experience our food in person. Visit us at our restaurant in Nottingham to taste the dishes, meet the team, and talk about your vision. Whether you're dreaming of a rustic mezze-style feast or a street-food inspired party, we'll help you bring it to life.

How It Works

Planning your wedding should be joyful—not stressful. Here's how we make the catering journey simple, personal, and delicious:

- **Get in Touch** - Drop us a message or give us a call. We'll start with a few details about your date, location, guest numbers and vision for the day.
- **Taste the Experience** - Join us at our Nottingham restaurant for a tasting session. You'll sample our signature dishes - vibrant Mediterranean flavours - and see what makes our food special.
- **Design Your Menu** - We'll co-create a bespoke menu that reflects your tastes and meets the needs of all your guests, including any dietary requirements. Whether you want a relaxed buffet, sharing platters, or a multi-course feast, we'll shape it to your day.
- **Work Within Your Budget** - Great food shouldn't break the bank. We offer flexible pricing and can tailor options to suit a range of budgets - without compromising on quality or experience.

- Final Planning - We'll liaise with your venue or wedding planner, confirm logistics, and make sure every detail is covered. You'll have a single point of contact from start to finish.
- Celebrate With Confidence - On the big day, our experienced team will serve delicious food with warmth and professionalism, so you can relax and enjoy the moment.

Let's make your day unforgettable - with food that everyone will remember.

Your Wedding, the **ZHÜG** way
